NO MATTER HOW ROUGH
THE ROAD TO SUCCESS;

WE SHALL NOT FALTER
TO REACH OUR GOAL

There has been a school in or near Fillmore as early as the 1800's. The first school was located on a farm north of Fillmore owned by Dick Lance.

About 1845 an institution of education was established known as the Fillmore Seminary, sponsored by the Southern Methodist Church. It prospered and offered the best facilities of education in this part of the state. Then came the Civil War and the school was closed. In 1867, after the war, the building was rehabilitated and the institution was reopened by the Northern Methodist Church. A few years later its doors were again closed and later sold to the public school district. This building was on the lots of Mrs. N. H. Gregory. School was held in the Seminary until 1895, when the first addition of the present Fillmore High School and Grade School was built. The second addition to the school was erected in 1924. The last addition was the gymnasium which was erected in 1939.

The Seniors of 1967 would like to dedicate our yearbook to the Fillmore High School. It has provided us a place to obtain our education, to have fun with our friends, and a place to take part in various school activities.

ADMINISTRATION

BOARD OF EDUCATION

Front Row: Francis Fothergill, Treasurer; Delmar Simerly, Ralph Lance, Jr., President; Norman Chandler, Secretary. Back Row: Keith Thrasher, Richard Saxton, Wayne June, Robert Lillard, Vice-President.

The Fillmore C-1 students and faculty wish to express their appreciation for the time each member of the Board of Education has spent helping to improve our school. The School Board makes our school something for each and everyone to be proud of.

We give special appreciation to Norman Chandler and Francis Fothergill for their many years of service on the Board.

The standards of our school are dependent upon the way the Board maintains them. The main interest of the Board is our school.

These gentlemen deserve much commendation in making such a good and sound school to gain an education in.

The students and faculty greatly appreciate everything the School Board has done for them.

SUPERINTENDENT
GARLAND MILLER
Lines to Our Seniors

It is becoming quite apparent that in the very near future this beloved country of yours is going to stand in need of more citizens who are (1) normal, (2) responsible, (3) sensible in thought, in action, and in personal appearance, (4) willing and desirous to be self-supporting, and (5) patriotic in support of national policies and movements for world betterment.

It is my hope that you will become citizens who will have these qualities and attitudes and will act accordingly for the sake of yourselves, your country, and the world.

Your country already has quite enough of beat-nicks, Vietnicks, hippies university student radicals, long-hairs, marchers, protestors, racketeers, non-voters, and non-participants in general.

Let's make sure that they get no recruits from our seniors.

PRINCIPAL
RUTH FOTHERGILL
To the Senior Class of 1967

Your graduation will mean you have earned a high school diploma. Congratulations.

You think you are going to be happy to end your high school days. I hope this is true but you are going to find yourself faced with decisions to make, problems to solve and many responsibilities that are new and different as you go on.

I hope the memories you have of your days spent at Fillmore High School are pleasant ones and that the training you have received will enable you to make decisions wisely and with courage.

Sincerely
Ruth M. Fothergill

HIGHLIGHTS OF HOMECOMING

The 1967 Homecoming was held on February 10. The Queen was crowned between the half of the boys game by the president of the student body, Ronald Swymeler.

The candidates were chosen from each class. Then the entire student body and faculty voted for one of the four girls. Each candidate had an escort from her class.

The ballgame was with Easton. The Fillmore boys defeated Easton boys and the Fillmore girls were defeated by the Easton girls.

FACULTY RECEPTION

The Home Economic II girls gave the faculty reception, on September 29. The girls made the refreshments and took a turn at the refreshment table and receiving line. Mrs. Bayless sponsored the reception.

Along with the reception, a shower was given in honor of Mrs. Lenz because of the loss of her home.

Parents met the new faculty members along with the older members.

STUDENT COUNCIL

The student council is made up of eight members.

The officers of the student council are selected by the student body and must be from the Senior Class. Each member is nominated and voted upon by the students.

The other four members of the council are the vice-presidents of the classes.

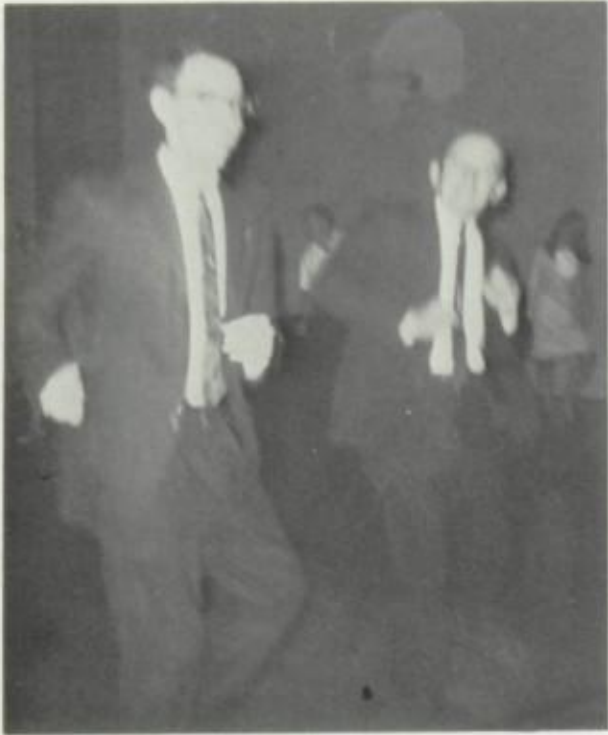

The main purpose of the student council is to plan and supervise the various school activities. This year the council's main activities were the Christmas and Homecoming Dances.

At these dances the council members provided the music and the refreshments, as well as decorated the gym.

At the Homecoming Dance the president of the student council crowned the queen and presented her with a bouquet of roses.

The student council has performed their duties well throughout the year.

BAND

The band didn't have as many members as previous years, but it did sound very nice for the number of players. They marched in Graham, Missouri, only.

The band played at the Christmas Program, and the Spring Concert.

Some of the band members worked up solos and small ensembles to take to the contest held in Maryville, Missouri. It was held in late March and early April. The whole band also played at this contest.

ANNUAL STAFF

The Annual staff of 1966-67 began preparing the yearbook at the beginning of the school year. The Co-Editor, Linda Proffit; Business Manager, Ronald Swymeler; and Sponsor Mrs. Thompson spent a day at a yearbook workshop held at the Hotel Robidoux in St. Joseph. The workshop showed them how to put a book together. This was very helpful to them.

Most of the pictures were taken by Gwen Brunner and Ted Marrens of Kordel Studios in St. Joseph.

The entire Senior Class helped in soliciting advertisements for the Annual.

The publication of a yearbook is long and takes plenty of work, but it is a book that brings back memories to the students after they have graduated and want to look back at their school days.

The 1966-67 Annual staff hopes that you will enjoy this book.

The newspaper staff was very busy all year. There were nine issues, one each month. There is large amount of work that goes into the newspaper.

The first step was for the editor to announce when all news articles were due. After the editor received the articles they were proofread and typed to show the correct place for them.

The next thing was to lay out the typed articles on dummy sheets. As soon as the pages were laid out, they were typed for the final time on ditto masters.

Then, the ditto masters were run off on the duplicating machine. The printed pages were then correlated and stapled together. The newspaper is called the Devilite.
